To Whom It May Concern,

**REFERENCE LETTER: NGT**

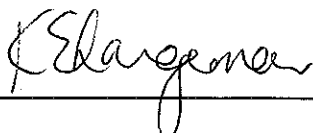

This letter serves to confirm that we worked with Nkosinathi Tomose from NGT Holdings (Pty) Ltd as a Social Facilitator for the public comment period on Eskom's Draft Air Quality Offset Implementation Plans. The public participation meetings were held in the following areas:

- Vereeniging
- Ermelo
- Witbank

In his facilitation of meetings Nkosinathi was also required to translate the meetings to the various constituencies in Southern Sotho, IsiZulu and SiSwati. The facilitation process involved chairing the meeting and ensuring that there was an understanding of what was being proposed by Eskom. It also ensured that there was harmony in the meetings without any disturbances resulting from differences between the various stakeholders.
