To Whom It May Concern

RE: REFERENCE LETTER: NGT HOLDINGS

This letter serves to confirm that we worked with NGT Holdings(PTY)LTD (hereafter referred to as NGT Holdings) as heritage Consultants and archaeologists for FS: Hoopstad Upgrading of Landfill site (FreeState Province). They developed a heritage impact assessment (HIA) and archaeological impact assessment(AIA) reports for us. Their reports also included conservation management plan documents for the management of heritage and archaeological during the construction phase.

Our company would recommend NGT for the development of any strategic documents relating to the heritage and archaeology.

Should you require any further assistance please do not hesitate to contact the undersigned.

Yours Faithfully
Samuel M Mafomane
